Unhappy Women!

No woman can be happy when her health is undermined. No woman can have good health while she suffers from female weakness, inflammation, ulceration or any disease of the delicate womanly organs. Nervous, sleepless, fretful, suffering in body and mind, she does not live but only exists.

More than a half a million such women have found a perfect and permanent cure for their diseased condition in the use of Doctor Pierce's Favorite Prescription. Women cured by this remedy say it is a "wonderful medicine," so perfectly does it restore them to health and comeliness.

There is no alcohol in "Favorite Prescription," neither does it contain opium, cocaine, nor any other harmful drug. It is in the strictest sense, an honest, temperance medicine. Its ingredients are purely vegetable, and it will agree with the most delicate constitution.

Don't be hypnotized, or over persuaded, into accepting a substitute. This medicine has a record that's worth far more than any difference in price.

Sick and ailing women are invited to consult Dr. Pierce, either personally or by letter, absolutely without charge or fee, thus avoiding the unpleasant questionings, offensive examinations and obnoxious local treatments considered necessary by many local practitioners. All correspondence treated as strictly private and sacredly confidential. Write without fear and without fee to Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

Pierce's Pleasant Pellets

These tiny, sugar-coated anti-bilious granules regulate Stomach, Liver and Bowels, cure Constipation and Bad Stomach, attended by foul breath. One or two for laxative, three or four for cathartic.

This great family Doctor Book FREE on receipt of 21 one-cent postage stamps to cover cost of mailing; or, in fine cloth binding 31 stamps. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Gospel

It is gospel truth to say that no DISEASES such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, boils, bowel troubles, skin eruptions, and all those caused by local imflammation, can be so quickly, safely and surely cured, as by the use of HAMLINS WIZARD OIL.

It gets right down in, around the nerves and blood vessels of the affected tissues, where the trouble is, and gently soothes and coaxes them back to health.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Price 50c and $1.00. Fully guaranteed.

For sale and recommended by all druggists.

New European Alliance.

Chancellories in Paris and throughout Europe are taking the keenest interest in the possible and even probable formation of a new European alliance, consequent upon the termination of the war and the conclusion of a closer Anglo-Japanese alliance. This has advanced beyond discussion in the newspapers and has already reached the stage of discreet diplomatic soundings.

The various proposed realignments of European powers are divided into three main movements—first, British inclination toward an accord with Russia; second, a German movement for an alliance offsetting the Anglo-Japanese alliance, and third, Russo-German overtures induce France to join the latter group.

Great Britain's desire for a rapprochement with Russia has brought about the distinct diplomatic suggestion that Great Britain is ready to give fuller recognition to Russia's privileged position in southern Turkey, notably in Constantinople and along the Bosphorous. Russia's ambition in that direction has heretofore encountered strong opposition in England.

The view in French official quarters is distinctively favorable to Anglo-Russian rapproachement. It was one of the projects of M. Delcasse, when foreign minister, to have King Edward wsit Emperor Nicholas as a means for furthering the reconciliation of Russia and Great Britain. Since the retirement of M. Delcasse this project has been in abeyance, but the officials continue favorable to an Anglo-Russian entente.

Concerning the proposed German-Russian agreement, strong elements in both countries favor an accord as a counterpoise to the Anglo-Japanese alliance.

Fatal Accident to Boy.

John Barry, fifteen years old, son of J. J. Barry, of 1440 Howard avenue, northwest Washington, was run over and killed on the White Lot, near Fifteenth street, about 5:30 p. m., yesterday by a runabout driven by one of his schoolmates, Leo Hughes, twelve years of age. The boy was climbing into the moving vehicle when his leg became entangled in a rear wheel. He was whirled around several times, and then fell to the ground, his skull being crushed beneath the wheel. He was picked up unconscious, and died in the arms of Policeman Lipscomb, who started with him to the Emergency Hospital. The boys, students of St. John's College, were on the Monument grounds yesterday afternoon watching their school football team play a practice game. Leo Hughes attended the game in his runabout, and when he started home, invited Jerome Crowley and Rudolph Brennan to ride home with him. They drove off at a brisk pace, and near the northeast end of the White Lot ground, only a few yards from Fifteenth street, they overtook the Barry boy. He was walking and asked for a ride, but there being three in the runabout, Leo told him there was no room, and drove on. Young Barry then ran to the rear of the runabout, and, jumping on the back, was climbing around to the seat when his left leg was caught in the wheel. Barry screamed. Before the horse could be stopped he had fallen and was run over.

Suicide in the Chesapeake.

N. C. Long, of Chapel Hill, N. C., who is well known in Norfolk and throughout the South, committed suicide some time during Tuesday night by jumping overboard from the steamer Georgia while en route to Norfolk from Baltimore. Shortly before the steamer arrived at Norfolk the chambermaids found Mr. Long's baggage in stateroom No. 61. They also found three letters in the bunk, one addressed to the captain of the steamer and another addressed to Thomas H. Long, who reached Norfolk yesterday, and who last night made known the fact that his brother had committed suicide. N. C. Long, the suicide, had been in ill health for many months. He spent the past summer at Virginia Beach, hoping to regain his lost strength. He was formerly a traveling salesman of A. G. Spalding & Bros. The missing man is a brother of Prof. A. W. Long, who occupies the chair of English at Princeton University. Mr. Loug is of the belief that unsuccessful speculation caused his brother to kill himself, and does not attribute ill health alone as the cause.

A Daredevil Ride

often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve." "A deep wound in my foot, from an accident," writes Theodore Schuele, of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like magic. 25c at E. S. Leadbeater, & Sons, druggists

Meteor Scared Clammers.

A sizzling-hot meteor, fresh from the firmament, swept with a roar and rush across the sky and fell with a loud hiss into the bay, near where Richard and Winfred Johnson were clamming, near Atlantic City, Tuesday. The men forgot what they were there for and pulled for for shore as hard as they could. "Gee!" said one of the Johnsons yesterday, "that was a screamer, all right. We didn't know what it was and whether there was any more coming our way, so we lit out. Why, it must have weighed several hundred pounds. It was fully two feet across. No more of 'em for me, thank you."

Insomnia and Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tullamore, Ontario, Canada. Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, OCT. 5, 1905.

CAPT. J. E. B. STUART, collector of customs at Newport News, as stated in the Gazette of that day, was rebuked by President Roosevelt yesterday for removing democrats from the customs service at Newport News and otherwise violating the civil service rules. The President should next turn his attention to the office of collector of internal revenue for the Sixth Virginia district, recently removed from this city to Abingdon. Collector Summers was appointed in May last and removed his office from Alexandria on the last day of September. If he was in his office thirty days of the five months, no one knew it, but the newspapers throughout the State made frequent mention of his being here, there and everywhere making political speeches. Then, too, one of his clerks, Mr. R. W. Blair, it is safe to say, has not been in his office one-half the time during the past few months, he too, being on the stump for the republican party. Indeed, it is said that Mr. Summers, the last time he was in this city, said his office was a political one and would be so conducted, or words to that effect. No democrat, from a party standpoint, objects to either Mr. Summers or Mr. Blair making republican speeches, for it is certain that their oratory will never win a democratic vote, but their acts are contrary to the civil service rules and they should be called to account. It will be remembered, that the previous collector, Mr. Agnew, was compelled to resign as State chairman of the republican committee. The President cannot make fish of one collector and fowl of the other.

NOBODY seems to want the Panama canal, or at least the supervision of its building. Secretary Taft is trying to get rid of it and Secretary Root will not have it. Mr. Taft is scheduled for a trip to the isthmus as soon as the consulting board of engineers returns to the United States, but he wants to avoid this and gave Mr. Roosevelt reasons why direction of the work should be turned over to the State Department. The President said he would talk to Mr. Root about it. He did and Mr. Root held up his hands in horror and pointed out that the diplomatic situation would give him all he could attend to without taking charge of the isthmian waterway. The President then told Mr. Taft what the Premier had said. Mr. Taft pointed out forcibly, but seemingly not convincingly, that with the Philippines, Porto Rico, Guam and other possessions to look after, as well as the army, he could not be expected to keep sitting on the Panama lid. Mr. Roosevelt told him he would have to try a little while longer, and it now looks as if that "little while" will be the remainder of the Roosevelt administration.

THAT three-fourths of the bills introduced in State legislatures relatives to life insurance are intended for blackmail; that no record was made on the books of the New York Life of the payment of $150,000 to the republican national campaign fund, and that no accounting is made for the manner in which "Judge" Andrew Hamilton, as legislative agent of the,, Big Three" insurance combine uses the immense sums paid him by the companies—these and other things of an equally startling nature were brought out at Monday's session of the insurance investigators in New York. Among the other things revealed was the making of large loans between the presidents of the Mutual and New York Life at a low rate of interest, and some rather queer and unprofitable methods of handling real estate. As a sample of the ways in which legislation is juggled, it was shown that by the insertion of a clause relative to negroes, in an act prohibiting the granting of rebates to insurance agents, the intent of the act was destroyed. The farther the investigation goes the more corruption is shown.

STANDPATTERS are making what they can out of the increase of customs receipts, and claim that the growth will greatly influence the legislative situation regarding the tariff by lessening the force of the argument for revenue readjustment. Receipts in September, 1905, exceeded $27,000,000, against $23,000,000 for September, 1904, and for the quarterly period exceeded by $10,000,000 those of the corresponding quarter for 1904. The Treasury officials predict that October will see a corresponding gain. Aside from the months when importations were abnormally stimulated by the announced incoming of a new tariff, carrying higher rates, the present customs receipts are the highest in the history of the government.

Washington, D. C., Oct. 5.

Among the large number of trophies which are being brought to this country by Miss Alice Roosevelt is a handsome present for her father, the gift of the people of Rizel province, Phillipine Islands. It is an elaborately engraved silver plate of native workmanship, bearing the shield of the Phillipines, a landscape drawing and an inscription in Spanish which reads: "To the Honorable Theodore Roosevelt, President of the United States. This momento is presented in testimony of the deep affection and respect which our citizens have for the Chief Magistrate who governs the destinies of the great nation of the United States under which they hope for a prosperous and happy future for these islands." The inscription is signed with the names of the officers of the provincial government.

A deal has been arranged between Gens. Corbin and Bates whereby each will hold the post of Chief of Staff and Lieutenant General for an equal term. In the ordinary course of events, Gen. John C. Bates would succeed to the position next April, on the retirement of Gen. Chaffee, and would hold it until his own retirement for age in August. As General Corbin will retire for age in September, he would thus have the position for only one month. However, in order that Gen. Corbin may enjoy the honor a little longer, Gen. Bates has consented to apply for retirement the latter part of June. The arrangement is said to have the approval of Secretary of War Taft. The new major generals have been decided upon by the President—Commissary General John C Weston and Chief Signal Officer A. W. Greely, who will receive the promotions on the retirements respectively of Gen. Randall on October 8 and Gen. Sumner on February 6. These promotions will transfer Gens. Weston and Greely from the staff to the line and are in recognition of their distinguished services in the civil war and more recently as desk officers.

Will Americans eventually cease to be easy with their purses when abroad? Consul Mahin, of Nottingham, England, believes he sees already evidences of a reform and so reports to the Department of Commerce and Labor. "The familiar remark that only royalty and Americans travel first-class in England is hardly pertinent now," he says. The Americans have even come to riding third class, that differing only from second by the quality of the upholstering. Incidentally third class is about two cents a mile.

Cholera is again prevalent in Manila, according to mail advices received here. On the day the last mail closed there were twenty cases reported, including eleven deaths. The authorities are again hampered in combating the epidemic by the attitude of the natives, who are endeavoring to conceal cases and are evading the quarantine regulations.

The prospect for railroad construction in China is not encouraging, Consul Anderson, of Amoy, China, reports to the Department of Commerce and Labor, and then proceeds to relate a chapter in the attempt of J. Pierpont Morgan and other American capitalists to build a road from Canton to Hankau. "The American concern proposing to construct the railroad from Canton to Hankau, the only American enterprise in the list," he says, "is charged with having failed to keep its agreement with the Chinese government and with having sold out to Belgians." Consul Anderson repeats the argument that China was forced to resume the control and responsibility of the proposed road. "At the present time," he continues, "China is about to sell to Chinese interests that are opposed to the construction of this great trunk line by foreigners." He says Japanese will build the road. Concessions for railroads have been granted all over the Empire, but the moment work is commenced on a road under a concession to foreigners, there is opposition, delay and finally nothing accomplished.

Word comes from Manila of the conversion of Felipe Agoncillo, formerly one of the most rabid of the revolutionaries. Of late he had been the leading spirit in the Filipino junta at Hong Kong. Recently he decided to give up what had become a useless struggle and, like other members of the junta, to accept the inevitable. Accordingly he came to Manila and took the oath of allegiance. Agoncillo was one of the organizers of the revolution against the Spanish government in 1895 and next to Aguinaldo had been the foremost leader in the independence movement. He was ordered deported by General Blanco in 1896, but before the papers could be served upon him he fled and hid in the coal bunker of a Japanese mail steamer. He was reported to have taken with him $80,000, which he used later in purchasing arms for insurrectors.

Russia has decided to invite the South American republics to participate in the second peace conference at the Hague. Baron Rosen, the Russian Ambassador here, has received instructions from the Foreign Office at St. Petersburg requesting him to communicate this invitation to several countries of this hemisphere through their diplomatic representatives in this city. This is a distinct innovation inasmuch as the South American republics did not take part in the first Hague conference. The communication that Baron Rosen is to make to the representatives of the South and Central American governments is merely preliminary in character. It is, however, worded exactly like the invitations which have been sent to the several European governments. It is simply an expression of the desire of the Russian government to know whether the government to which the communication is addressed would be willing to take part in a second peace conference at The Hague.

This was diplomatic day at the State Department and the occasion was taken advantage of by a large number of foreign diplomats to call and pay their respects to the new Secretary of State, Mr. Root. Among them were the representatives of Mexico, Sweden, Russia, Japan, China, Korea, Nicaragua, Cuba, Hayti and Venezuela. The Mexican Charge d'Affaires, Senor Godoy, announced that Senor Cassasus, the new Ambassador to the United States from Mexico, who has been ill, expects to come to this country on the 30th inst. The Russian Ambassador talked about the second Hague peace conference. Senor Quesada, the Cuban Minister, introduced Senor Pinar, a new attache of the legation. With all of the others the calls were merely formal on the occasion of the first reception to be given by the new secretary.

The types in this correspondence stated yesterday that President Roosevelt told a visitor that he had decided to appoint Oscar J. Ricketts permanently to the position of public printer. It should have read had decided not to appoint Mr. Ricketts. However, the friends of Mr. Ricketts are still active and do not propose to cease their efforts until a public printer is appointed.

Secretary of War Taft today introduced Marquis Doria, of Rome, to President Roosevelt. The Marquis is a member of a distinguished family, and has been selected by his king to negotiate a commercial treaty with Canada. Secretary Taft said that the question of the transfer of the Panama canal from the jurisdiction of the War to that of the State Department would be settled by the President within a few days.

Minister Grip, of Sweden and Norway, who has been abroad all summer, called to pay his respects to President Roosevelt today. Minister Grip is confident that the troubles between Sweden and Norway will be amicably adjusted within a short time. He predicted that Norway would adopt a monarchical form of government, as those favoring a republican form constituted a small minority. The people are accustomed to monarchical forms, he said, and would abide by it. It was possible that the son of the King of Sweden might be chosen King of Norway. Mr. Grip is a Norwegian. As to his own future under an independent Norway he has not been advised.

An Ohio man, D. W. Deshler, of Columbus, has established a new line of steamers in the Orient, and so patriotic was he that every one of the three vessels have been named Ohio. To distinguish them they have also been numbered, so that it is "Ohio No. 1," "Ohio No. 2" and "Ohio No. 3." The line is to cater to tourist trade from Osaka, Japan, to Shanghai, China, touching Korea. The steamers are foreign-built.

Davis, of West Virginia, and nephew of Senator Henry Gassaway Davis, former candidate for Vice-President on the democratic ticket, has been missing from Homestead since September 26th. The young man's identiiy was disclosed yesterday, when inquiries were made by his family. There are no traces of him.

Price Baker, aged 28, member of a prominent family, was shot and killed in Mobile yesterday and Hamilton McKean, aged 26, and Joseph Hart, jr., aged 28, were wounded by John Fischer, an engineer on the Seaboard Air Line. The shooting occurred in a saloon. An old feud is supposed to have led to the tragedy. Fischer comes of a well-known Mobile family and was in Mobile on a visit. He refused to talk. McKean is perhaps fatally wounded. Fischer after the shooting coolly lighted a cigarette and waited until an officer came up. Then he surrendered himself and his pistol, admitting that he committed the deed.

Bishop Van de Vyver May Resign.

It was reported in Baltimore yesterday that Right Rev. A. Van de Vyver, Bishop of Richmond, has resigned or is about to offer his resignation to the congregation of the propaganda at Rome. As Bishop of Richmond, Bishop Van de Vyver is a suffragan of Cardinal Gibbons, as the Archbishop of Baltimore, the see of Richmond belonging to the province of Baltimore. In connection with the rumored resignation of Bishop Van de Vyver, it is stated he may be named as the successor of the late Archbishop Chappelle, in the archdiocese of New Orleans. Mgr. Chappelle died shortly after the outbreak of yellow fever in that city.

The appointment of Mgr. Chapelle's successor will be made by the congregation of the propaganda at Rome from the lists of names sent by the archbishops of the country, the bishops of the province of New Orleans (which is composed of the Sees of Dallas, Galveston, Little Rock, Mobile, Natchitoches, San Antonio, and the Vicariates-Apostolic of Brownsville and Indian territory), and by the priests of the archdiocese of New Orleans.

Another prelate who is mentioned as a probable successor to Mgr. Chapelle is Rt. Rev. Henry Granjon, Bishop of Tucson, Ariz. Dr. Granjon lived at St. Mary's Seminary, Baltimore, for several years prior to his consecration, and was at the head of the society for the propagation of the faith in the United States. His work in that office was marked with considerable success and he made warm friends of those with whom he came in contact.

The Richmond Times-Dispatch of today says: "Practically nothing could be learned in Richmond last night concerning the reported resignation of Bishop Van de Vyver. A representative of the Times-Dispatch called at the Episcopal residence shortly after midnight, but was unable to obtain a statement from the bishop, who had long since retired and could not be disturbed. The Rev. Father Bowler, vicar-general of the diocese, was astonished when informed of the reported resignation of his superior. While it was, of course, impossible for him to say what had or had not occurred at Rome, upon the occasion of the bishop's recent visit, he expressed an utter disbelief in the rumor.

While seated 185 feet above the ground yesterday, painting the steeple of Broad Street Methodist Church, Richmond, J. W. Morton, a steeple-jack, was attacked by bees, who had made their nest in the top of the tall structure. Mr. Morton was unable to attract the attention of those below and could not fight the bees very vigorously for fear of falling from his lofty perch. He began to let himself down slowly by means of a pulley, while the bees continued to sting him on the hands and other portions of his anatomy. He finally reached the ground in a considerably swollen condition, but not seriously injured.

Bishop Potter.

Rt. Rev. Henry C. Potter, Protestant Episcopal Bishop of the Diocese of New York, and Mrs. Potter sailed for Liverpool yesterday on the steamship Oceanic.

Bishop Potter, just before he went on board the steamer, denied that at the recent Episcopal diocesan convention he had frowned upon the resolution submitted by Rev. J. M. Chew, asking that the gospel of honesty be proclaimed anew, in view of the scandals lately brought out by the investigation into insurance methods.

"I simply smiled," said the Bishop. "I believe in waiting for results and not jumping to conclusions before the evidence is all in. People are so prone to be carried away by what comes out in print when an investigation such as this is being conducted. They say things and think things and finally arrive at a conclusion oftentimes far from being the right one."

Bishop Potter then took up the discussion of woman suffrage. He said it was grotesque to claim that a great many women are not better trained or as intelligent in the handling of the ballot than millions of men.

"A woman who owns property is just as much concerned over the ballot as a man," said the Bishop, "and she should have a voice in the affairs of the community and the enactment of laws affecting that property. This is only just. Under the present laws that woman without a ballot is without protection and is a victim."

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by Gibson & Timberman and W. F. Creighton & Co.

Conditions in Europe.

London, Oct. 5.—The effort which Germany is making to conciliate France and the attempt on the part of Russia to placate Great Britain, which are proceeding vigorously, lead to the belief in diplomatic quarters that the Kaiser and the Czar, while openly encouraging the most intimate relations between Russia and Germany, secretly believe that such a move, if carried too far, may result in Russia and Germany being isolated from the rest of the world. In order to prevent such a thing, the two powers mentioned are trying to make their peace with France, and England respectively. It is believed, however, that their efforts are bound to meet with failure, at least for the present, because France is inclined to look with the greatest suspicion on any overtures she receives from Berlin, while England's suspicion of Russia is just as strong, although on their face the overtures are open and candid.

There has been considerable manoeuvering in all the European capitals, ever since the termination of the war in the far East and the publication of the terms of the new Anglo Japanese treaty, looking to a new alliance of European nations, with the object of readjusting the balance of power, which many diplomats believe to have been disturbed by these two events.

The extension of the Anglo-Japanese treaty to cover India has been felt by Russia to be a blow at her, and this view has been commonly held. Germany, the rival of England, has also been concerned by the evident strengthening of Britain's hands by the new alliance. The natural course of events, as diplomats have pointed out, would be the drawing together of Germany and Russia.

Another Strike Imminent.

Chicago, Oct. 5.—Switchmen all along the Grand Trunk Railway system are awaiting orders this morning to go on strike. The trouble, which has been smoldering several days in the Elsdon yards assumed more extensive proportions following the conference of the chief officials of the railroad. It was decided at a meeting of vice presidents and local heads to ignore the demands of the men. Superintendent Egan was upheld. Grand Master Frank T. Hawley, of the Switchmen's Union, interpreted the notice posted by the road, that the union men would be reemployed on individual application, as a declaration of war. His belief was strengthened later when Vice Grand Master J. B. Conners and a committee of strikers were refused an audience by Egan. "The probabilities are that the entire Grand Trunk system will be involved in the strike shortly," says Hawley. It is admitted by Hawley that only 200 switchmen can be counted on to respond to the strike command. The Elsdon strike was called because the road officials refused to make changes in the working conditions of the switchmen.

"Old Home Week" Celebration.

Harrisburg, Pa., Oct. 5.—What is expected to be the greatest day of the "Old Home Week" celebration was officially begun with daylight fireworks in Union Square this morning. This afternoon's parade which, it is expectedf will be several miles long, will be a display of Harrisburg industries and business with an educational section, in which about seventy pupils from each building will participate. The parade will be one of the greatest trades and educational displays ever known in this part of Pennsylvania. Almost every establishment in Harrisburg has arranged to take part and the floats will vary from the purely beautiful to that showing business in full blast. In the evening there will be a band concert at the mammonth arch, at Verbecke and Third streets, and the Old Home Week chorus, of three hundred voices, will sing on the reviewing stand at the courthouse. It is estimated that a hundred thousand visitors are now in the city.

Equitable Life Assurance Society.

New York, Oct. 5.—District Attorney Jerome stated to Justice Davy in the criminal branch of the Supreme Court today that he would not ask for an extraordinary session of the grand jury for holding an examination into the affairs of the Equitable Life Assurance Society until after the completion of the labors of the joint legislative committe which is now probing the insurance business of the State. If matters which have developed concerned only the Equitable Life Assurance Society, he declared that he probably would have asked today for the impanelling of a special grand jury, but there have been numerous developments since he made his application for the continuance of the June term, and it would merely complicate matters for the District Attorney to conduct a separate investigation at this time.

Three Children Burned to Death.

New York, Oct. 5.—Three children were burned to death and several others were mortally injured in a fire which occurred early this morning in a row of houses known as 278, 280 and 282 Reid avenue, Brooklyn. Their father, Charles Donnelly, who was severely burned in trying to rescue them, and their mother were taken to St. Mary's Hospital in a critical condition. The Donnellys lived on the top floor of the four story brick flat house at 280 Reid avenue. It was in this house that the fire was first discovered. After the flames had been extinguished, the three children were found dead in their beds. Nine people were injured in the flames, some of them seriously.

Proposition Refused.

Paris, Oct. 5.—The French Cable Company has refused to consider the proposition made by President Castro, of Venezuela, to deal secretly with it in the settlement of the dispute which led to the cancellation of the company's charter by Venezuela, thus ignoring the French minister at Caracas. A deadlock in the negotiations consequently is expected to last until after former Judge Calhoun who was sent to Venezuela by President Roosevelt, to investigate conditions there, has conferred with the President and made his report.

The Agitation in Finland.

St. Petersburg, Oct. 5.—The information is forthcoming from an authoritative source that the government is ready to take the most extreme measures to put an end to the agitation which has been going on in Finland. The authorities are determined to stop the agitation even if it is necessary to abolish the Finnish constitution temporarily and to declare martial law throughout the country.

Operation Performed.

New York, Oct. 5.—It developed today at a mass meeting of the committee appointed by the National Civic Federation to investigate public ownership and operation that August Belmont, President of the Federation, and well known financier, is about to undergo a surgical operation. Mr. Belmont was expected to preside at the session of the commission today, but instead he sent a letter in which he stated that he regretted that he had to stay away, but that his physician had forbidden him to delay an operation which he must undergo. Samuel Gompers, the famous labor leader, presided in Mr. Belmont's place.

New York, Oct. 5.—It was announced this afternoon that Mr. August Belmont was operated upon this morning for appendicitis. It was stated at 2.15 this afternoon that Mr. Belmont was in no danger.

Tobacco Manufacturers' Association.

New York, Oct. 5.—The announcement was made today that the next annual national convention of the Independent Tobacco Manufacturers' Association of the United States will be held in the Astor Hotel, New Yorks on October 26, instead of in Cincinnati, as was originally arranged, the change was decided upon because of the tobacco exhibition and the local convention, which will be held at the Grand Central Palace, in this city, during the last week of October. Sidney J. Freeman, chairman of the executive committee of the Independent Tobacco and Industrial Exposition, to be held here during the week of October, 23, yesterday sent an invitation to President Roosevelt to open the exposition.

Consul Donaldson.

San Francisco, Oct. 5.—Chester Donaldson, United States Consul at Managua, Nicaragua, whose exequatur was recently cancelled by President Zeelaya, for what the latter considered officious and threatening conduct, has arrived here on his way to Washington to present the State Department a lengthy report on affairs in the Central American republic. Donaldson clashed with Zeelaya in an attempt to secure fair treatment for the Albers brothers, Americans thrown into jail for failure to comply with the tobacco laws. Donaldson in an interview here is emphatic in the declaration that the Americans were most unjustly treated. He declared the United States use vigorous laws in Nicaragua.

National Dress-makers' Association.

New York, Oct. 5.—The National Dressmakers' Association which during September held conventions in New York, Chicago, and St. Louis, announces today that the results of the ballots cast in the cash prize contest for American made and designed gowns, will be made known tomorrow.

The count of the ballots cast will begin at nine o'clock tomorrow in the Astor House, in this city. The votes were cast by dressmakers, members of the association, from all over the country, and naturally there is much interest in the result. The principal prize is a purse of $1,000.

Stone From Solomon's Quarry.

Wilmington, Del., Oct. 5.—Bishop Leighton Coleman yesterday presented to the Grand Lodge of Masons of Delaware at its annual communication a keystone from the quarries from which the stone of Solomon's temple was taken. The Bishop, while in the Holy Land, had the stone rubbed against the pillars of the Mosque of Omar at Jerusalm, which are said to be the original pillars of the temple. John S. Grohe presented the lodge with an altar used by Hiram Lodge, No. 6, at Buch Tavern, in this State, over 100 years ago.

Beef Trust Cases.

Chicago, Oct. 5.—Because they were not ready to submit their demurrer to the indictment to Judge Humphrey, the attorneys for the packers in the beef trust cases, this morning, asked U. S. District Attorney Morrison for further time. The government's attorney assented. The trust's pleas, it is understood, will be completed this evening, and may be brought into court tomorrow. Several days probably will be occupied in arguing on the demurrer, and probably a week or two will elapse before a decision is rendered.

"Whisky Row" No More.

Chicago, Oct. 5.—"Whisky Row," one of Chicago's notorious spots, is no more. By order of the chief of police, five hundred women were banished from their rooms in the buildings along the west side of State street. The proprietors of the saloons and hotels in that section were told that the women would never be permitted to return.

Subpœna Secured

St. Louis, Oct., 5.—Joseph Ramsey, secured from Judge Taylor in the circuit court here at noon subpœna duces teoum directed to the officers of the Wabash and Missouri Pacific Railways, ordering them to produce in court the stock books of those railroads showing the Gould holdings. The order is returnable at 9 a. m. Friday.

Indicted.

Peoria, Ills, Oct. 5.—Newton C. Dougherty, for 30 years superintendent of the Peoria city schools, was indicted today by the Peoria county grand jury for embezzlement in and misappropriation of school funds, and later arrested. The amount of the loss to the school fund, it is said, will reach over a half miillion dollars.

Contribution to Campaign Fund

New York, Oct. 5.—Mr. Thummell, auditor of the New York Life, admitted on the stand at the insurance investigation today that the Mutual Life contributed $2,500 to the republican campaign fund, he handing that amount himself to Congressman Babcock, chairman of the republican congressman committee.

Fire in the lumber district of Rhinelander, Wis., yesterday evening destroyed property valued at $600,000 and rendered 400 persons homeless.

New York Stock Market.

New York, Oct, 5.—Specialists in all the important stocks agree that most of the selling so far today has been for short account, except that London has supplied a moderate amount and a few room traders have closed out long contracts. The buying in almost all cases has been by interests concerned in the management and control of the market movement as of the different issues. The general impression is that the most urgent sellers of yesterday afternoon and this morning will soon change their position and try to buy their stocks back. Efforts were made to intensify the money situation by circulating reports that call money was 8 per cent before any business was transacted. Before the usual time for commencing business $10,000,000 was offered at seven per cent. The first loan was made at 6½ per cent. and money has since been placed at 6 per cent.

A Tart Reply to Board of Health.

Failure on the part of numerous practicing physicians in the city of Richmond to comply with the ordinance requiring them to report to the Board of Health the existence of all cases of contagious diseases treated by them, will probably result in the adoption of more stringent measures on the part of the board, there being an inclination on the part of family physicians not to expose their patients where secrecy is desired.

So much trouble has recently been experienced by the Board of Health in locating the diphtheria and typhoid fever cases that is has become necessary to send the sanitary officers to make inquiry in neighborhoods where contagious diseases are suspected, and endeavor to get information from the neighbors and the servants in the house that happens to be under surveillance. The intention is then to have the health physicion address a letter to the physician attending the case, notifying him that information has been received that he is treating a contagious disease, and requesting him to report to the Health Board. But the plan does not appear to have met with success. One physician sent a reply to such a communication from the Health Board in which he took occasion to state that when he got ready to call in the Board of Health to diagnose his cases, he would let them know. The health committee has been instructed to see that the ordinance requiring practicing physicians to report all cases of congious diseases is complied with.

Must Change Sex of Angels.

"I must confess I never saw an angel with whiskers," said Dr. W. R. Huntington, in New York yesterday, when questioned as to the objections which have been raised to the female representations of the divine winged residents of the etherial domain above sculptured for Belmont Memorial Chapel of the Cathedral of St. John the Divine.

"It is not quite so bad as reported." Dr. Huntington declared, "for all the angels in the interior, I understand, have been accepted. The clergymen on the building committee merely objected to the models for two angels for the exterior—the Angel of the Annunciation and the Angel of the Resurrection.

"As a matter of fact," he continued, "we know very little about angels. I never saw an angel myself. Angels, indeed, are something that we are inclined to be agnostic about."

Sculptor Borglum yesterday said he had spent a lot of time hunting up information as to whether he should have made the two rejected figures male or female, and came to the conclusion that ha had done just the right thing.

"It makes little difference to me whether they are men or women," he added, "but I am not the critic, simply the artist. In such cases as this, or, in fact, whenever a sculptor is engaged to make symbolic statues he is generally allowed to use his own judgment, but in this case, I shall have to submit to the wishes of the clergy."

Alleged Bank Robbers.

Frank Burns, William Smith and Edward Fitzpatrick, who were indicted in the Circuit Court of Prince William some months ago for robbing the National Bank of Manassas, in November, 1904, were brought there from Richmond Tuesday night by Sheriff Rorabaugh and Special Guard Duke and were arraigned yesterday. The prisoners entered a plea of not guilty, and stated to the court that they had no money with which to employ counsel. Judge Nicol assigned them counsel, and the cases wer continued until the fifth day of the December term. These parties were arrested near Baltimore this past summer and sent to Richmond to be tried in the federal court for the larceny of stamps that were in the bank and the property of the United States government. The case, were nolle prosequied, and the prisoners will now be tried in the Prince William court for burglary.

Bishop Spalding Dying.

Bishop Spalding, of Peoria, one of the most highly esteemed Catholic prelates in the west and a liberal light of the church, known in this country and Europe by his many writings and books on popular sociological questions and as a member of the anthracite coal commission, is thought to be dying at St. Anthony's Hospital, in Louisville, Ky. He is under the care of his cousin, Dr. W. H. Wathen. The bishop had been spending the latter part of the summer at Lebanon, seeking rest and recovery from a stroke of paralysis which he suffered last June. The first shock came to him in Peoria, and as soon as its severity was passed he left for Lebanon, where he has many relatives and friends. The second shock came Tuesday, and it is doubtful if the bishop can recover.

Letter to P. T. Harrington.

Alexandria, Va.

Dear Sir: Two years ago the estate of the late Congressman Scott, of Erie, Pa., painted 24 Rolling-Mill houses one coat Devoe at a saving of 11 per cent for paint (lead-and-oil was after the job.)

That's how the tale reads. We infer what really happened.

The buyer, as usual, went by the cost of paint; got bids. Lead-and oil bids low and guessed the quantity low; the saving was only 11 per cent.

Nobody seems to have thought of this; the painting costs two or three times as much as the paint. How much did we save on the painting? Don't know.

The tale ends with this: We often refer inquirers to those houses, for wear of Devoe.

That's a good-enough story; but nobody knows what it is. Our only difficulty is want paint-intelligence.

Yours truly,
F W DEVOE & CO.

I have also found them of great benefit in general debility and nerve trouble, and kept them constantly on hand, since, as I find they have no equal." E. S. Bicycle Thieves.

Washington detectives who have been detailed for some time looking up the many stolen wheels reported to the police, got on the track of a gang of bicycle thieves yesterday and traced the men to their hiding place, in the woods near Four Mile Run, in Alexandria county. In an old deserted barn the two detectives found fifteen stolen bicycles. No arrests were made, as no one was about the place at the time. During the last two months bicycle thieves have been very active in Washington and have caused the police much trouble and work. More than 120 bicycles have been stolen since August 1 last, and only a third of that number have been recovered. On Tuesday fifteen machines were reported stolen.

Another Warning.

A little girl was burned to death in Baltimore yesterday by her clothing taking fire from a burning pile of leaves which some children had gathered and set on fire. The unfortunate child filled her apron with leaves for the purpose of feeding the flames and when she cast them into the fire her apron was soon ablaze and in a few moments she was fatally burned, never having regained consciousness. Burning leaves is a favorite pastime for small children in Alexandria at this season of the year. They, unconscious of danger, do what cost the little Baltimorean her life.

Light Infantry Inspection.

Col. Jo Lane Stern, assistant inspector general of the Virginia State militia, inspected the Alexandria Light Infantry (officially known as Company G, of the Seventieth Regiment) at the armory, on south Royal street, last night. Fifty-two men were present, under command of Capt. P. J. Murphy, First Lieut. Windsor Demaine and Second Lieut. Samuel Robey. A large number of friends of the members of the company, including many ladies, were present. Col. Stern stated that the company had made an excellent showing.

Not a Determined Suicide.

A resident of the western portion of the city was recently fined $5 on the complaint of his wife who charged him with ill-treatment. It seems, however, that domestic troubles are still in evidence in the house, as the police say the wife a day or two ago attempted to drown herself in water several inches deep, later made public endeavors to cut her throat with the back of a carving knife and, as a last resort to end life's burdens, lay down on the abandoned railroad track on Henry street.

Suit for Damages.

Walter B. Aley began suit in Washington yesterday against the Pennsylvania Steel Company, of Steelton, Pa., to obtain a judgment for $5,000 for alleged injuries. The complainant states that while he was at work for the company near Alexandria on September 7 last he received a severe injury to his left ankle, which has deprived him of the free use of his leg, and that the injury was caused by the negligence of agents of the company.

Charge Dismissed.

An old offender, one who has oft tarried too long with the wine, and, in consequence, become a regular patron of the Police Court, was picked up on the street by the police yesterday on a charge of escaping from jail. It appears that he had but a few days to serve in order to finish his term. In the Police Court this morning he announced his intention of enrolling himself among the descendants of Jonadab, son of Rechab, and was dismissed.

Columbia Fire Company.

The regular monthly meeting of the Columbia Fire Company was held last night. Mr. W. A. Smoot, president, presided. Four new members were elected. A new uniform was adopted and the portion of the money allotted the company from the $100 appropriated by the Alexandria Fertilizer and Chemical Company was divided among the members.

The Clerkship.

The democratic primary to nominate a candidate for Clerk of Court, will be held next Thursday, October 12, one week from today, and both candidates, Mr. N. S. Greenaway and Mr. Charles Bendheim, are making an active canvass for votes.

Children's Home.

Miss Barnell, a Vassar College graduate, will speak. Miss Barnell is a fluent talker and one well posted on the subject of missions. She has recently returned from China. The training school of the Crittenton Mission, of Washington, will be present on this occasion. The musical feature will be augmented by the addition of some instrumental music furnished by Alexandria talent. Some special vocal music is expected also.

Death of Mrs. Theall.

Mrs. Lucy Theall, wife of Mr. Elisha S. Theall and daughter of Mrs. Mae Ashby Bayne and the late Dr. J. W. Bayne, of Washington, died suddenly on Tuesday evening last, aged 31 years. The interment was at St. Barnabas' Church, Prince George's county, Md., this evening. This is the second time in the past few months that death has bereaved this family, the father having died but recently.

Disorder in Parliament.

A disorderly scene occurred in the lower house of the Austrian Parliament yesterday, resulting in the suspension of the sitting amid general uproar.

While Baron von Sternberg was speaking during the debate on the Government's declaration of policy he was continually and badgeringly interrupted by Dr. Wolff, the Pan-German leader. Von Sternberg appealed to Dr. Wolff to desist, but the latter presisted. Finally Von Sternberg lost his temper and threw a water glass at Dr. Wolff, striking him on the chest.

A great uproar followed and the President of the House called Von Sternberg to order. The German members were not satisfied with this measure and vociferously demanded that Von Sternberg apologize. This the Baron refused to do and the President being unable to restore order declared the sitting suspended. The uproar continued until Von Sternberg left the House. The sitting was resumed after an hour, when the president said he expected an expression of regret from Von Sternberg. The Baron, in apologizing, admitted that his action had not been in accordance with the rules of the House, but he insisted that he had acted in legitimate self defense, though certainly he had not been polite.

The president withdrew the Baron's right to speak, and the latter attempted to continue amid the wildest uproar. The president was unable to secure order and adjourned the House until today.

No Disaffection in Virginia.

Senator Martin left Washington yesterday afternoon for his home at Scottsville, and will spend the time there until he goes to Richmond to attend the Horse Show. He said that the more he had traveled around since the Virginia primaries were held the more he regarded the fight of the Virginia republicans as vain. "They talk about democratic dissaffection," he said, "and yet in all my travels I have yet to see or hear of a democrat who will vote for Judge Lewis. I am at a loss to know what the people who are putting up so much money for the republicans in Virginia expect to gain by it, but that is none of my affair." Asked if he had mapped out any legislative work for the coming winter, he replied that he was so engrossed in the Virginia campaign that he had not considered that, but was not afraid there would not be plenty to do. He believed the main subject in Congress would be the enactment of railroad-rate legislation. He will probably offer as a bill the one he introduced in the Senate last year, with slight amendments. This bill was regarded favorably last winter by a number of Senators.

Strict Rules for Saloons.

The Danville City Council last night passed sweeping restrictions governing the regulation of saloons, which were recently voted back after two years of local option. The use of blinds, screens or obstruction of any nature are prohibited and the opening and closing hours fixed at 6 a. m. and 7 p. m., respectively. No entrances to saloons, except through the front door, are allowed, and no one is permitted in a bar after closing hours.

The right of wife or mother to forbid a barkeeper selling her inebriate husband or son intoxicants is recognized by the Council. It is also against the law to purchase intoxicants for inebriates or minors. Heavy punishment and forfeiture of license are fixed for any violation of these ordinances. The majority of the Council is composed of "dry" men and the "wets" claim that the wishes of the people as expressed at the polls in favor of saloons have not been carried out.

Want to Lynch Women.

The jail at Kansas City was surrounded last night by men who insist that Mrs. Belle Riggins, her daughter Clarissa, aged fourteen years, and her husband George Riggins, held by the coroner's jury for the death of Riggins' six-year old son by a former wife, should be lynched. The Sheriff, expecting an assault on the jail, has, it is reported, fled with the prisoners. The jail is strongly guarded. That the little boy was starved and tortured to death is specifically charged by the coroner's jury. The boy's two-year-old sister was also cruelly treated and is at the point of death in a hospital While Mrs. Riggins' own children were well fed and kindly treated, the two step children, according to the evidence presented to the grand jury, were literally starved. It is understood that the sheriff will take the prisoners to Girard, Kan., twenty-six miles south of Kansas City.

THURSDAY EVENING. OCT. 5, 1905.

Government Printing Office.

President Roosevelt had a talk yesterday with Representative Charles B. Landis, of Indiana, on the work of the commission which is to investigate the conditions in the government printing office with a view to reducing the expenses of operation of the big-printing plant. Mr. Landis was chairman of the House committee on printing in the last Congress, and probably will be in the next. The commission authorized by Congress to make the investigation consists of the committees on printing of the Senate and House of Representatives. Senator Platt, of New York, is the chairman of the commission.

It is expected the commission will hold its first meeting in New York within a day or two, and Mr. Landis is en route to New York to attend it. The working sessions of the commission probably will be held in Washington. It is believed possible by the members of the commission to reduce the expenses of the government printing office at least $1,000,000 a year.

Sold His Wife For $200.

Edwin A. Tucker, who had been suing Eugene B. Dudley, a man over 60 years of age, for $75,000 for the alienation of the affections of his wife, was confronted in New York yesterday with a release he had signed a year ago for $200, by the terms of which he was to have no further claims on the affections of his wife.

Tucker had to admit he had signed the release and that the $200 had been given to him by Dudley. That being the case, Justice Dickey immediately brought the trial to a stop and non-suited the plaintiff.

Tucker is 35 years old and his wife is a few years younger. She is a very pretty brunette. Tucker charged that Dudley had been giving her sealskin sacques and jewelry. He also charged that she had accompanied him on a trip South. Dudley admitted this on the stand, saying that Mrs. Tucker had previously nursed him through an illness and that it was at the instance of Tucker that Mrs. Tucker went South with him.

Frightful Suffering Relieved

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson, of Lula, Miss., took Dr King's New Life Pills, "with the result," he writes "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at E. S. Leadbeater & Sons, drugstore, guaranteed.

Could Not be Better.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy has won for it a wide reputation and many people throughout the country will agree with Mr. Chas. W. Mattison, of Milford, Va., who says: "It works like magic, and is the best preparation I know of. It couldn't be any better." He had a serious attack of dysentery and was advised to try a bottle of this remedy, which he did, with the result that immediate relief was obtained. For sale by Gibson & Timberman and W. F. Creighton & Co.

Faith Not Necessary.

You may be just as skeptical and pessimistic as you please. Kodol will digest what you eat whether you eat or not. You can put your food in a bowl, pour a little Kodol Dyspepsia Cure on it and it will digest it the same as it will in your stomach. It can't help but cure Indigestion and Dyspepsia. It is curing hunereds and thousands—some had faith and some didn't. Kodol will cure you if medicine can cure you, whether you have faith in it or not. Sold by W. F. Creighton, & Co. 401 King street.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

A Pleasure To All.

No Pill is as pleasant and positive as De Witt's Little Early Risers. These Famous Little Pills are so mild and effective that children, delicate ladies and weak people enjoy their cleansing effect, while strong people say they are the best liver pills sold. Sold by W.
